

Photographer Instructions

Welcome to The Chateau, Aspen Grove and other Incline Village General Improvement District facility sites! Please carefully read this document and contact us if you have any further questions.

Golf Course Photos:

There is always a danger of being struck by an errant golf ball. Therefore, we must limit the areas where pictures can be taken at the golf course. Pictures are permitted in the grass wedding area or on any of the asphalt areas immediately around the club house. Grass areas by the 9th green, 1st tee and putting green are not permitted. Please ask a golf staff member if you need further clarification.

Beach Photos:

We understand that your clients desire to capture the beauty of Lake Tahoe for their wedding photographs. However, the beaches in Incline Village are private beaches accessible only by Incline Village residents holding an IVGID recreation card, and their guests.

The following is a list of beaches in the area that offer great views and are open to the public:
